

1. **Slap an ass.**  
Tried this on my wife last night as she bent over to vacuum under the couch. My hand floated right through her fat ass!
2. **Hail a cab.**  
Still not sure how the hell I'm supposed to get around in the afterlife. Walking sucks!
3. **Have sex.**  
I'm not sure I even have a penis.
4. **Get drunk.**  
How I miss Mr. Beam.
5. **Talk to another person.**  
Don't get me wrong. I never really liked talking to my wife. But try talking to no one but yourself for three months.
6. **Drive a car.**  
That freakin' cat, Toonces from Saturday Night Live can drive but I can't? Bullshit.
7. **Eat.**  
How I miss the pasta and red sauce at Mangino's.
8. **Sleep.**  
I never get tired and never go to sleep. Which makes the nights seem endless. I've taken to long walks which are about as exciting as trimming your nose hair. (One thing I do not miss.
9. **Scare anyone.**  
I thought ghosts were supposed to be able to make noises and moan and shit. I can't scare the freaking cat. Although I swear it sees me.
10. **Feel the sunshine on my face.**  
Everything on this side has a dull and grayish property. Nothing is bright and colorful like it is on the living side.
